

Howe Class of 92

The following is our total class list, including graduates, night school graduates and non-graduates or students who went elsewhere their Senior year, but who were part of our class during a significant portion of their high school careers. Maiden names are in parenthesis.

This list was compiled from Howe's official alumni list, the list on classmates.com and anyone else who contacted the reunion committee with interest or was mentioned by a classmate. An effort was made to contact each individual, looking up each name. Names with one asterisk (*) could not be found, potential addresses were found for names with double asterisks (**), but their mailing address was not confirmed, however, an invitation was sent. Over 130 classmates were confirmed, and over 200 invitations were sent. If you have any information on these missing classmates or if someone is not listed, please contact the reunion committee at classof92@howehighschool.com. Continue to visit <http://www.aaronpayne.com/Howe/> for reunion pictures, the classmate address database, message board, etc.
